PROFESSIONAL PROFILE

Junior Full-Stack Developer with strong foundations in object-oriented programming, C#, ASP.NET Core, and React fundamentals. Experienced in building responsive user interfaces and secure RESTful APIs using EF Core and clean architecture principles. Recently completed formal software training through Amazon Career Choice. Proven ability to deliver maintainable, production-ready solutions in Agile environments. Seeking a Junior Front-End or Full-Stack Developer role within a collaborative engineering team.

TECHNICAL SKILLS

Languages & Frameworks: C#, .NET 8, ASP.NET Core, JavaScript, React (fundamentals), HTML5, CSS3

Backend & APIs: RESTful APIs, MVC, JWT Authentication, Object-Oriented Programming

Database: SQL Server, Entity Framework Core (Code-First), LINQ

Frontend: Responsive Design, Bootstrap, Accessibility

Tools & Cloud: Git, GitHub, Visual Studio, VS Code, Postman, Azure (foundational)

Engineering Practices: Clean Architecture, SOLID Principles, Agile basics

PROJECT EXPERIENCE

Employee Management API (JWT Secured) | ASP.NET Core, EF Core, SQL Server

- Built secure RESTful API with JWT authentication and role-based access.
- Implemented full CRUD operations using EF Core Code-First approach.
- Applied dependency injection and clean architecture for maintainability.
- Documented endpoints using Swagger for testing and validation.

Newsletter Subscription App | ASP.NET Core MVC, Bootstrap

- Developed secure newsletter signup system with server-side validation.
- Designed and migrated SQL Server database using EF Core Code-First.
- Built responsive UI using Bootstrap and accessibility best practices.

Twenty-One Console Game | C#

- Created object-oriented card game demonstrating core C# principles.
- Implemented collections, control flow, and game state management.

- Structured classes for Deck, Player, and Dealer interactions.

PROFESSIONAL EXPERIENCE

Warehouse Operative — Amazon, Bolton (2023 – Present)

- Exceed pick/pack targets by 15%, improving workflow efficiency.
- Train new team members and support operational onboarding.
- Maintain high accuracy in fast-paced, KPI-driven environment.
- Demonstrate strong attention to detail and time management.

Customer Service Roles — Nigeria (2009 – 2023)

- Deliver high-quality customer support and issue resolution.
- Build strong communication and stakeholder engagement skills.
- Handle high-volume enquiries while maintaining service standards.
